

RENTAL

Jeanneau SEA LOFT 480

Description

This summer, treat yourself to a timeless escape aboard the Sea Loft 480, in the heart of the stunning coves and beaches of the Var, including the famous shores of Saint-Tropez and Ramatuelle. Silent and eco-friendly, thanks to its 100% electric engines—with no additional fuel costs—it invites you to enjoy what truly matters: the gentle lapping of the water, the warmth of the sun, and that feeling of freedom reminiscent of your fondest childhood memories. Stable, spacious, and welcoming, it has been designed as a true floating villa open to all—even those with no boating experience. Here, you can forget about traditional sailing and simply enjoy the sea in complete serenity. With its four comfortable cabins, each equipped with a shower and toilet, accommodating up to 8 guests, and its large open deck, you can share unforgettable moments with friends or family: swimming, meals facing the horizon, and timeless experiences. Certified to host up to 12 people, it allows larger groups to enjoy these special moments together. More than a rental, it's an accessible, gentle, and unforgettable experience.
